

## **Power House Ladysmith Safety Plan**

### **Tornado**

In the event of a tornado watch, Power House volunteers will continue to monitor weather updates. Parents are welcome to pick up their child if they wish.

In the event of a tornado warning or spotting, volunteers will lead all students to the lower level of the old LES building and remain until the weather is clear. EMS (Emergency Medical Services) will be activated if necessary.

### **Fire**

In the event of a fire in the building, volunteers will lead all students to evacuate out of the nearest and clear exit doors. The designated meeting spot for all volunteers and students will be the parking area near the baseball field. Attendance will be taken to ensure that everyone is out, together, and safe. EMS (Emergency Medical Services) will be activated if necessary.
